

Welldone Environments is a leading provider of sustainable building solutions. We are currently seeking a highly motivated and experienced Project Manager to join our team. The ideal candidate will be responsible for managing the design, construction, and commissioning of sustainable building projects, ensuring they meet the highest standards of quality, safety, and sustainability. This role involves working closely with clients, architects, and construction teams to deliver projects on time and within budget. Key responsibilities include: managing project budgets, scheduling, and resource allocation; ensuring compliance with all relevant regulations and standards; and providing regular communication and reporting to stakeholders. We offer a competitive salary, a comprehensive benefits package, and the opportunity to work on some of the most innovative and sustainable projects in the industry. If you are passionate about sustainable building and have the skills and experience to excel in this role, we encourage you to apply.
